Urban

SCIENTIFIC PROGRAMME COMMITTEE

William V. Giannobile, USA
Pamela K. McClain, USA
Franck Renouard, France
Frank Schwarz, Germany
Anton Sculean, Switzerland
Istvan Urban, Hungary

CASE SESSION AND COMPETITION

In the Case Session the best oral regeneration cases will compete for the Osteology Barcelona Case Award 2023. Clinical cases can be submitted via the Case Box from 1 September 2022 until 30 November 2022. The six best cases will be selected for presentation and the best case presentation will be awarded a prize.

POSTER EXHIBITION & RESEARCH NETWORKING DAY

Abstracts for the poster exhibition can be submitted from 17 October 2022 until 18 December 2022 in the categories basic and clinical research. The top 20 ranked poster authors will be invited to participate in the closed session "Research Networking Day". This day will allow participants to share their latest research findings within the Osteology network in an interactive poster session and potentially present their research on stage. Within the Research Networking Day, the two best oral presentations in the categories translational and clinical research will be awarded € 500. An audience award of € 500 for the best poster in the poster exhibition will also be available.

LANGUAGES

All lectures and workshops will be held in English. The sessions held in the main auditorium on Friday and Saturday will be simultaneously translated into Spanish and German. Other languages depending on registration numbers.

VENUE CCIB BARCELONA

The modern building directly at the seafront is an excellent venue for a unique event.

WE ARE RE:GENERATION

International Osteology Symposium

27-29 APRIL 2023
BARCELONA

be part of #OsteologyBarcelona

THURSDAY, 27 APRIL 2023

MORNING WITH THE MASTERS

Bone reconstruction around anterior implants

Daniel Buser

Bone and soft-tissue reconstruction in the aesthetic zone

Ueli Grunder

Soft-tissue augmentation around teeth and implants

Giovanni Zucchelli

PARTNER WORKSHOPS

Approximately eight Partner Workshops will be organised on Thursday morning.

CORPORATE FORUM

In the Corporate Forum on Thursday afternoon, the industry will present its latest developments and products.

OSTEOLOGY WORKSHOPS (PRACTICAL)

Modern soft-tissue management with autologous tissues and substitutes

Daniel Thoma

Reconstructive procedures for the treatment of peri-implantitis lesions

Mario Rocuzzo

GBR procedures for localized bony defects

Ronald E. Jung

Minimally invasive periodontal regeneration

Pierpaolo Cortellini

Recession coverage around teeth and implants

Martina Stefanini

RESEARCH NETWORKING DAY

A unique networking day and opportunity that encompasses:

- Keynote lecture
- Interactive poster presentations with author and expert voting
- Oral presentations by authors of the six highest voted posters in translational (3) and clinical research (3)
- Round table discussions with five high-level experts

FRIDAY, 28 APRIL 2023

LIVE SURGERY | BONE REGENERATION

Moderator: Ueli Grunder

Surgeon: Istvan Urban

FORUM 1

Lateral bone augmentation – different strategies

Moderator: Christoph Hämmerle

Speakers: Vivianne Chappuis / Sascha Jovanovic / Luca Cordaro

Challenges in bone augmentation

Moderator: Gustavo Avila-Ortiz

Speakers: Massimo Simion / Tara Aghaloo / Matteo Chiapasco

Soft-tissue augmentation around implants

Moderator: Ronald E. Jung

Speakers: Anton Sculean / Martina Stefanini / Sonia Leziy

FORUM 2

Periodontal regeneration for furcation defects

Moderator: Mariano Sanz

Speakers: Søren Jepsen / Rachel Schallhorn / Pierpaolo Cortellini

Prevention of complications and errors

Moderator: Franck Renouard

Speakers: Isabella Rocchietta / Rino Burkhardt / Tali Chackartchi / Ki-Tae Koo / Stephen Chen

Management of complications and errors

Moderator: Giulio Rasperini

Speakers: Luca De Stavola / Ion Zabalegui / Nadja Nänni / Ignacio Sanz-Sanchez / Kristina Badalyan

FORUM 3

Blood products for tissue augmentation

Moderator: Anton Sculean

Speakers: Reinhard Gruber / Shahram Ghanaati / Andy Temmermann

Case Session

Moderators: Fabio Vignoletti / Nele Van Assche

The six best cases will be selected for presentation and the best case presentation will be awarded a prize.

Proceedings from the Osteology / DGI / SEPA Consensus Workshop

Moderator: Jose Nart

Speakers: Eduardo Montero & Ausra Ramanauskaite / Stefan Bienz & Cristina Vallès Vegas / Ignacio Sanz-Martin & Maren Soetebeer

FORUM 4

Innovative technologies for tissue augmentation

Moderator: William V. Giannobile

Speakers: Darnell Kaigler / Saso Ivanovski / Jae Kook Cha / Atsushi Saito

Regenerative approaches in interdisciplinary dentistry

Moderator: Diego Velasquez

Speakers: Karin Jepsen / Robert Sader / Irena Sailer / Mahmoud Torabinejad

Oral regeneration in a nutshell

Moderators: Bo Chen & Brenda Mertens

Speakers: Man Yi / France Lambert / Balint Molnar / Eik Schiegnitz / Vitor Marques Sapata / Jia-Hui Fu / Andre Vajgel

CLINICAL ROUND TABLES

Soft-tissue augmentation in focus

Speakers: Filippo Graziani / Luca Gobbato / Todd Scheyer

Bone augmentation in focus

Speakers: Bilal Al-Nawas / Christoph Hämmerle / Gustavo Avila-Ortiz

SATURDAY, 29 APRIL 2023

FORUM 1

Battle of concepts: the treatment of intact and compromised extraction sockets

Moderators: Pamela K. McClain & Nikolaos Donos

Speakers: Jose Carlos Da Rosa / Melle Vroom / Joseph Kan / Maurício Araújo

Peri-implant disease

Moderators: Frank Schwarz & Lisa Heitz-Mayfield

Speakers: Purnima Kumar / Jan Derks / Ausra Ramanauskaite / Alberto Monje

FORUM 2

SEPA Session

A special programme will be set up by the Sociedad Española de Periodoncia y Osteointegración (SEPA).

AAP Session

A special programme will be set up by the American Academy of Periodontology (AAP).

LIVE SURGERY | SOFT-TISSUE REGENERATION

Moderator: Mario Rocuzzo

Surgeon: Sofia Aroca
